

HP Mobile Printing for the Nokia E60, E61, E62, and E70 Smartphones

Nokia E60

Nokia E61

Nokia E62

Nokia E70

HP Deskjet 460 Mobile Printer

Enable effortless, high-performance printing for the mobile professional virtually anytime, anywhere.

Stay connected

- **Work from anywhere.** You are mobile both inside and outside of the office—attending meetings, commuting, and working from home in the evening or on the weekend. Having untethered access to corporate information is critical to your success. The Nokia E60, E61, E62, and E70 offer high-speed access and security so you can get key information when you need it and respond rapidly, while on the move. Continue to be productive even away from your desk.
- **Accelerate your responsiveness.** In a competitive marketplace, superior customer service and support can make the critical difference. When you give your mobile workforce the means to access and update customer-related information in real time, your customers enjoy new levels of individualized attention—and you enjoy more cost-effective delivery of services.

Simplify mobile printing

- **Start printing right away.** HP Mobile Printing is an integrated printing solution that eliminates the need to download a separate print application. Get convenient, high-quality customized printing to Bluetooth™, infrared, or 802.11-enabled HP printers.¹
- **Enjoy innovative and easy-to-use printing.** The Nokia E60, E62, and E70 smartphones feature the advanced Symbian 7.0S (Series 60 platforms) operating systems. Built on this open, standard OS, HP Mobile Printing enables you to conveniently print virtually any content you can view or create on your Nokia device. Plus, you can print content, including your photos from the application itself; you don't need to open a separate application just to print.

Improve productivity

- **Get serious mobile business tools.** Imagine having all of the tools you need to stay productive on-the-road—in your pocket. The Nokia E60, E62, and E70 smartphones are innovative mobile devices that enable fast and universal access to corporate services. They incorporate a full set of critical business tools: not just e-mail and memos, but presentations, spreadsheets, and databases.
- **Walk-up and print.** Experience effortless mobile printing from a satellite office or a client's office without a collection of wires and cables. View and print files, including any content created using Microsoft Office applications, and images from your Nokia device straight to compatible HP printers, like the HP Deskjet 460 mobile printer (pictured above), as well as a variety of other HP printers.
- **Experience wireless freedom.** Access printing capabilities outside of any office in such places as hotels, airports, and coffee shops, restaurants with the same ease and convenience.
- **Print on-the-go with all of the quality and speed you expect from HP.** With Nokia E60, E62, and E70 smartphones and compatible HP printers, experience high-performance printing virtually anytime, anywhere with minimal user intervention. Enjoy a complete mobile solution from trusted partners.

HP Mobile Printing for the Nokia E60, E61, E62, and E70 Smartphones

Serious business tools for wireless convenience and freedom
